1.00 Recognition

The District Board of Trustees of Broward Community College, hereinafter referred to as the Board, recognizes the United Faculty of Florida, Broward Community College Chapter, hereinafter referred to as UFF/BCC or the Union, as the exclusive collective bargaining representative for those Faculty members certified by the Public Employees Relations Commission in Case No. RC-81-009 and Certification No. 539 dated May 22, 1981, who are employed by Broward Community College with respect to wages, supplements, hours, and other terms and conditions of employment.

ARTICLE 2

2.00 Faculty Rights

2.10 Prevailing Rights

During the term of this Agreement, all rights, privileges, and fringe benefits not specifically addressed in this Agreement, but previously enjoyed by Faculty members, and which rights, privileges, and benefits contained in the Procedures and Guidelines Manuals and the Faculty/Staff Handbook as related to and limited to Faculty members, will remain in effect unless amended by mutual agreement.

2.20 Non-Discrimination

Broward Community College as an institution of higher learning is dedicated to the inculcation of the highest ideals of citizenship in a free society. The College seeks to set a proper example by complying fully with all relevant laws enacted at every level of government. Consistent with the American ideal of equality of citizens and the dignity and worth of each person, the College hereby states that equal employment opportunity and advancement are guaranteed consonant with appropriate laws without regard to race, religion, color, national origin, sex, creed, age, handicap, and/or marital status. All members of the Faculty are expected to assist in making this policy a practical reality.

The Board and the Union agree that all provisions of this Agreement shall be applied to all employees covered by this Agreement and that the Board and the Union affirm their joint opposition to any discriminative practices in connection with employment, promotion, and/or training, remembering that the public interest requires the full utilization of employee skills and ability without regard to race, color, creed, national origin, sex, religion, age, handicap, and/or marital status.

All employees of Broward Community College covered by this Agreement shall have the right to join or to refrain from joining the Union, to engage in lawful concerted activities for the purposes of collective bargaining or other mutual aid and protection, to express or communicate to management any view, grievance, complaint, or opinion, related to the condition of compensation of public employees or their betterment as provided for in this Agreement, all free from restraint, coercion, discrimination, or reprisal.

2.30 Appointment and Tenure

All initial full-time Faculty appointments shall be in a form approved by the State Commissioner of Education, and shall specify in writing the appointment date, the expiration date, the salary, and whether the appointment is tenure or non-tenure track.

2.31 Temporary Appointments

Full-time Faculty appointments may be made with service not counted toward tenure. Such non-tenure appointments shall be limited to:

- A. Replacement of Faculty on leave;
- B. Appointment pending initiation or completion of the search/screening process.

Non-tenure track appointments shall expire automatically at the completion of the appointment.

2.32 Tenure Track Appointments

All full-time tenure track Faculty members shall serve a probationary period of three consecutive years. The probationary period may be extended for one year. Written notice of the extension shall be given no later than the start of the third year of appointment.

During the probationary period, the Faculty member shall be on annual contract, on a year-to-year basis. Such annual contract shall not create the expectancy of employment beyond the term of the contract nor shall non-renewal of the annual contract entitle the Faculty member to a hearing or the reasons for non-renewal.

An appointment to the Faculty may be terminated during the probationary period by written notice of the administration not to reappoint or by written notice of the Faculty member not to return. Written notice to terminate the Faculty member's contract during the probationary period shall be given by the College administration as follows:

1. No later than April 1 of the first full academic year of employment,
2. No later than January 15 of the second full academic year,
3. No later than December 15 of the third full year of appointment, or
4. No later than December 15 of the fourth full year of appointment, if the probationary period has been extended.

Tenure is granted by the Board upon the recommendation of the President. A written contract shall grant tenure effective at the beginning of the following academic year.

Faculty tenure shall continue until death, resignation, retirement because of age or disability, termination for just cause, or invocation of Article 2.5 of the Faculty contract. Tenure is restored upon recall as provided by Article 2.5.

If the Faculty member moves to a position that does not have Faculty status, the Faculty member may request administrative leave from the tenured position.

2.33 Termination of a Faculty Member's Contract

A full-time Faculty member's contract may be terminated or suspended for just cause by the Board upon recommendation of the President of the College provided that the procedures described herein are followed.

When charges arise that may lead to the termination of a Faculty member's contract, the appropriate Administrators should ordinarily meet with the Faculty member to discuss the issues. The Faculty member shall be given five working days advance notice of the meeting. The notice shall include the exact time and location of the conference, the topic(s), and the right of the Faculty member to have a representative at the meeting. If the matter is not resolved at this point, the appropriate administrative official(s) may make a recommendation for further action to the College President.

2.331 Commencement of Formal Proceedings

In order to initiate formal proceeding under this section, the College President, or his/her designee, shall deliver (by hand delivery or certified mail) a statement of the grounds for the proposed action to the Faculty member and to the Board. Such statement of the charges shall also inform the Faculty member of his/her right to request a hearing before the Board or before an independent Hearing Officer.

2.332 Suspension During Proceedings

When the above-described charges are made against a Faculty member, the Board may suspend the Faculty member pending a speedy, informal hearing before the Board, if the Faculty member requests such a hearing. The Board, at such an informal hearing, shall determine whether the employee shall be suspended and, in cases of suspension, shall determine whether the suspension shall be with or without pay. If the charges are not sustained upon final hearing, the Faculty member shall be immediately reinstated and withheld salary, if any, shall be paid.

2.333 Response to Charges

Within fifteen working days from the receipt of the statement of charges, the Faculty member shall deliver (by hand delivery or certified mail) to the President of the College and the Board a reply to each charge. The Faculty member shall also indicate whether he/she is requesting a hearing before the Board or before a Hearing Officer.

2.334 Consideration by the District Board of Trustees

If no hearing is requested, the Board shall consider the statement of charges, the response (if any), and the evidence adduced at the informal hearing (if any), and any additional evidence the Faculty member may wish to present, in determining whether to sustain the charges. The Board shall permit the parties to submit briefs prior to the final decision. The Board's final decision shall be in writing and shall address all the charges brought against the Faculty member. Any decision adverse to the Faculty member shall be made by a majority of the full membership of the Board. A copy of the Board's final decision shall be delivered (by hand delivery or certified mail) to each party and to each party's representative.

2.335 The Hearing Officer

If the Faculty member requests a hearing before a Hearing Officer, the selection of the Hearing Officer shall be made by the following process:

1. The Hearing Officer may be a person mutually selected by the College and the Faculty member.
2. If the parties cannot agree on the selection of a Hearing Officer, it is agreed that the Federal Mediation and Conciliation Service shall be contacted to provide a panel of prospective Hearing Officers.
3. Either party may reject the first panel submitted by the Federal Mediation and Conciliation Service and request a second panel.
4. The Hearing Officer shall be selected from the panel by alternate striking.

If the Faculty member requests a hearing before a Hearing Officer, the parties shall be given at least fifteen working days notice of the hearing date. The parties may be represented by counsel at the hearing, but such representation is not required. At the hearing, the parties shall have the opportunity to present witnesses and documentary evidence, and to cross-examine witnesses. The parties may make an opening statement. The Florida Rules of Evidence shall be used as a guide in determining the admissibility of evidence, but shall not be strictly applied in proceedings under this section. The evidentiary hearing shall be recorded by a court reporter or recording device as agreed by both parties. At the conclusion of the hearing, either party may waive the making of a closing statement and may instead file a post-hearing brief. The Hearing Officer shall determine the time period within which any brief shall be served. However, any party submitting a brief shall have at least ten working days within which to mail his/her brief.

The Hearing Officer's recommendation shall be in writing and shall address all the charges set forth in the statement of charges. A copy of the Hearing Officer's recommendations shall be delivered (by hand delivery or certified mail) to each party and to each party's representative.

The Board shall review the charges, the evidence, and the recommendation of the Hearing Officer. The Board shall hold a public meeting to have such a review and shall provide the Faculty member with the opportunity to be heard at that meeting prior to making a final decision.

The Board's final decision shall be by majority vote of the full membership of the Board, shall be in writing, and shall address all of the charges brought against the Faculty member. A copy of the Board's final decision shall be delivered (by hand delivery or certified mail) to each party and to each party's representative.

2.336 Hearing before the Board of Trustees

If the Faculty member requests a hearing before the Board, the parties shall be given at least fifteen working days notice of the hearing date. The parties may be represented by counsel at the hearing, but such representation is not required. At the hearing, the parties shall have an opportunity to present witnesses and documentary evidence, and to cross-examine witnesses. The parties may make an opening statement. The Florida Rules of Evidence shall be used as a guide in determining the admissibility of evidence, but shall not be strictly applied in proceedings under this section. The evidentiary hearing shall be recorded by a court reporter or recording device as determined by agreement of both parties. At the conclusion of the hearing, either party may waive the making of a closing statement and may instead file a post-hearing brief. The Hearing Officer shall determine the time period within which any brief shall be served. However, any party submitting a brief shall have at least ten working days within which to mail his/her brief.

The Board's final decision shall be by majority vote of the full membership of the Board, shall be in writing, and shall address all of the charges brought against the Faculty member. A copy of the Board's final decision shall be delivered (by hand delivery or certified mail) to each party and to each party's representative.

The final decision by the Board shall not be subject to the grievance and arbitration procedures (Article 2.40 of the Faculty Contract).

2.40 Grievance Procedure

The Board and the Union agree that prompt and just settlement of grievances is of mutual concern and interest. Therefore, the parties shall attempt to settle all grievances promptly and fairly at the point of origin.

Section 1

Any claim by a Faculty Member, group of Faculty, or the Union at the request of a group of Faculty Members, that there has been a violation, misinterpretation, or misapplication of any division of this Agreement, may be processed as a grievance as provided hereinafter. Nothing in this article shall be construed to prevent Faculty Members from presenting, at any time, their own grievance in person or by legal counsel to the College and having such grievance adjusted without the participation of the Union.

However, an adjustment must be consistent with the terms of this Agreement, and the Union must be given a reasonable opportunity to be present at any meeting called for the resolution of any grievance. Duty days shall be defined as duty days on the Faculty Member's calendar.

Section 2

In the event that a Faculty Member believes that there is a basis for a grievance, the Faculty Member shall first discuss promptly the alleged grievance with the immediate supervisor either personally or, if the Faculty Member prefers, accompanied by a Union representative, within 25 of the Faculty Member's duty days from the date on which the Faculty Member could reasonably have known of the occurrence of the event giving rise to the alleged grievance. It is agreed that when the grievant is satisfied with the College's response, processing of the grievance will automatically terminate.

Step 1

If, after the informal discussion with the immediate supervisor, an alleged grievance still exists, the following formal grievance procedure may, at the option of the grievant, be invoked through the Union. Within 5 duty days of the informal discussion, the Faculty Member shall submit the form set forth in Appendix A, signed by the grievant and a representative of the Union, which form shall be available from the College's Human Resources Department and from the Union. Within 5 duty days of receipt of the grievance, the immediate supervisor and the appropriate Dean shall meet with the grievant and the Union representative in an attempt to resolve the grievance. The Dean will indicate the disposition of the grievance in writing within 5 duty days after such meeting, and shall furnish a copy thereof to the Union.

Step 2

If the grievant is not satisfied with the disposition of the grievance, or if no disposition has been made within the specified time limit, the grievance shall be submitted to the campus Provost or the appropriate Vice President within 5 duty days of the disposition of the grievance at Step 1. Within 5 duty days the Provost, Vice President or designee shall meet with the grievant and the Union representative and shall indicate the disposition of the grievance in writing within 5 duty days of the meeting.

Step 3

If the grievant is not satisfied with the disposition of the grievance, or if no disposition has been made within the specified time limit, the grievance shall be submitted to the President or designee, within 5 duty days of the disposition of the grievance at Step 2. Within 5 duty days, the President or designee shall meet with the grievant and the Union representative and shall indicate the disposition of the grievance in writing within 5 duty days of the meeting.

Section 3

If the grievant is not satisfied with the disposition of the grievance by the President or designee, or if no disposition has been made within the specified time limit, the grievance may be submitted by the Union (with the consent of the grievant) to arbitration before an impartial arbitrator within 50 duty days of the disposition at Step 3 or expiration of the time limit. An extension of the time limit will be granted upon mutual agreement. The arbitrator shall be selected from the Federal Mediation and Conciliation Service in accordance with its rules, which shall also govern the arbitration proceedings. The parties agree the award of the arbitrator shall be final and binding.

The College and the Union shall share equally the expense of the arbitrator. Each party shall be responsible for any additional expenses it chooses to incur. Adjustments of any grievance shall be consistent with the provisions of this Agreement. The arbitrator shall be prohibited from modifying, changing, adding to, or subtracting from the terms of this Agreement or any supplementary written, approved amendment entered into mutually by the parties. Any case appealed to the arbitrator upon which the arbitrator has no power to rule shall be referred back to the parties without decision.

Section 4

1. The time limits in this article may be modified by written agreement of the parties. The time limits in this article shall be strictly observed by all parties and the number of days written at each level will be considered a maximum - every effort will be made by the parties to expedite the process.
2. The Union shall have the right to initiate class grievances at Step 2.
3. Nothing in this article shall require the Union to process grievances for Faculty Members who are not members of the Union after written waiver by the Union to the grievant and the College. If the Union waives its rights to process a grievance to arbitration, the Faculty Member may carry the case forward but will be required to pay one-half of the arbitration cost.
4. The parties agree that a settlement of any grievance by the parties prior to the rendering of a decision by an arbitrator shall not constitute an admission that the Contract has been violated, nor shall such settlement constitute a precedent for the interpretation or application of the provisions of the Agreement.
5. No reprisal of any kind will be made by the Board against any grievant, any witness, any Union representative or any other participant in the grievance procedure by reason of such participation.
6. During all stages of the grievance procedure, the parties have the right of discovery to all information and arguments that have a bearing on the grievance.

-
7. The supervisor and grievant may mutually waive the hearing at any step – in which case the responsible official shall process the grievance as provided for at that step.

2.50 Reduction in Force

In the event the Board determines that the number of bargaining unit employees must be reduced for any reason, such reduction in bargaining unit members shall be based on objective, reasonable, and non-discriminatory standards which shall not be arbitrary nor capricious nor deprive employees of other rights conferred by this Agreement or the laws of Florida and the United States. If a reduction in the number of bargaining unit members is determined to be necessary, the following procedure shall be controlling:

A. Reduction:

1. Faculty members affected by a reduction in force will be determined by the academic needs of the program. The determination of which Faculty members will be affected will be based on an analysis of the qualifications of the Faculty members to teach the remaining courses, the accreditation standards of the appropriate agencies and annual contract status. All of the above being equal, length of service shall be the determining factor. Seniority is defined as full-time employment at Broward Community College as a Faculty member or an administrator on an equal basis.
2. A Faculty member affected by layoff will be notified, if practicable, by April 30 for a reduction to become effective in Semester I; by October 1 for a reduction to become effective in Semester II; and by February 1 for a reduction to become effective in Summer Sessions. In the event this notice is not practicable, the affected Faculty member will be given at least 60 calendar days notice prior to the semester in which the reduction occurs. The Faculty member will receive 3 months of College employee insurance coverage and 10% of the Faculty member's base salary. Affected Faculty members shall have the right to participate in College insurance programs for an additional eighteen (18) months at no cost to the College.

B. Recall:

1. Faculty members affected by a reduction in force will be placed on a recall employment list for two years following the reduction in force, with the last member laid off being the first to be recalled.
2. All benefits to which a Faculty member was entitled at the time of layoff shall be restored in full upon reemployment within the recall period.

-
3. The College shall notify the recalled employee by certified mail to the last known address of the employee. The burden is on the employee to notify the Human Resources Department of any change in address. In the absence of written notice from the employee, within 15 days of receipt of the recall, of an intent to return to work at the beginning of the next semester, the College shall recall the next name on the recall list. Failure of the Faculty member to respond or to return as agreed shall constitute voluntary termination.

2.60 Personnel Files

There shall be one official personnel file for each Faculty member. The official file shall be maintained in the College's Human Resources Department.

No derogatory materials relating to a Faculty member's conduct, service, character, or personality shall be placed in the personnel file except for materials pertaining to work performance or such other matters that may be just cause for discipline, suspension or dismissal under the laws of Florida. No anonymous letter or anonymous materials shall be placed in the personnel file.

Materials relating to work performance, discipline, suspension or dismissal must be acknowledged by the Faculty member, reduced to writing, signed and dated by an appropriate College supervisor. No such materials (with the exclusion of annual evaluations) shall be placed in the personnel file unless they have been reduced to writing within 45 calendar days of the College Administration becoming aware of the facts reflected in the materials. If the Faculty member refuses to acknowledge such materials, the appropriate College Administrator must state that fact on the materials. The Faculty member's signature on a copy of the materials to be filed shall be proof that such materials were given to the Faculty member, with the understanding that such signature merely signifies receipt, and does not necessarily indicate agreement with the contents. No material older than 3 years will be valid for use in any discipline, suspension, or dismissal action.

Upon request, Faculty members shall be permitted to examine the contents of their personnel file. Faculty members have the right to answer any material in their personnel file and the answers shall be attached to the file copy. The Human Resources Department shall provide, upon written request by the Faculty member, one set or portion thereof, of the Faculty member's personnel file per year at no cost to the Faculty member.

2.70 Proprietary Rights

The College and UFF/BCC believe that the public interest is best served by promoting an intellectual environment whereby creative effort and innovation can be encouraged and rewarded, while still retaining for the College and its learning communities reasonable access to, and use of, the intellectual property for whose creation the College has provided assistance. The College supports the development, production, and dissemination of intellectual property by its Faculty.

Faculty members who create intellectual property own the intellectual property. Intellectual property created, made, or originated by Faculty members shall be the sole and exclusive property of those Faculty. Intellectual property shall include, but not be limited to instructional, informational, technological and creative materials whether delivered in a traditional or nontraditional manner.

2.80 Professional Titles

A. Bases for Qualification for Titles:

Promotion is based on many factors. Among these are excellence in teaching, in scholarship and creative works, in service to the College, its students, and the community. Professional activities in related fields as well as academic degrees and years of satisfactory service are also criteria to be considered in determining promotions. Excellence in teaching is defined to include but not limited to the following: continued improvements of methods and procedures of instructional presentation, adherence to academic rules and regulations, command of subject, and currency in the field.

Excellence in scholarship and creative works is defined to include but not limited to the following: publication of research articles in scholarly and professional journals, professional licensure, publication of textbooks and reviews. In certain fields such as art, music, or literature, creativity will be evidenced by such activities as exhibits, performances, or publications.

Service to the College is defined to include but not limited to the following: active participation in departmental and collegewide development, implementation, and evaluation of course offerings and curricula for the purpose of maintaining their quality, relevance and viability; active participation on campus and College committees; development of new instructional techniques and/or delivery systems.

Service to students is defined to include but not limited to the following: availability to students for consultation and advisement, participation in student activities, sponsorship of student clubs and organizations, and a demonstrated commitment to the welfare of the student.

Service to the community and professional activities are defined to include but not limited to the following: membership and participation in community and professional organizations, service as an officer in a local, state, or national organization; service within the local business and industry community to enhance the College's service; participation with local schools for the purpose of academic articulation and the enhancement of enrollment efforts.

B. Criteria for Special Cases:

Individuals with distinguished records in their areas of expertise who may not qualify under the preceding minimum criteria but whose competency is well known and recognized may be placed by the Board in any of the preceding levels upon recommendation by the President to the Board with supporting documentation.

A Faculty member must initially fulfill the minimum qualifications of education and experience set forth in Section B and satisfactory performance as indicated by annual evaluation. Upon attainment of these minimum qualifications a Faculty member who receives satisfactory evaluations in four of the five criteria in Section A will be recommended for promotion.

Upon employment a Faculty member will be placed at the appropriate level. A Faculty member must complete 5 years at one level before becoming eligible for promotion to the next level. Faculty members on annual contract are not eligible for promotion until they are awarded a continuing contract.

Faculty members, who are employed prior to the 1987-88 academic year, may, after 1 year at the initial level but no later than 3 years after the initial placement, apply for promotion to the next level on a one-time basis. Application for promotion after this will only be considered after 5 years. There is no monetary increase upon attaining promotion.

C. Minimum criteria for each level of the system shall be as follows:

TITLE	EDUCATION *	EXPERIENCE **
Instructor	Bachelor's degree or equivalent.	0 - 5 years of full-time college teaching experience
Assistant Professor	Master's degree with 18 graduate semester hours in discipline or Equivalent.	0 - 5 years of full-time experience in a faculty position as an instructor, counselor or librarian.
Associate Professor	Master's degree with 18 graduate Semester hours in discipline plus eligibility for the 12 hour credential change award or a terminal Master's degree or equivalent.	6 - 10 years of full-time experience in a faculty position as an instructor, counselor or librarian, with at least 5 years of which must be at BCC and under continuing contract

Senior Professor	Doctoral degree with at least 30 graduate semester hours in discipline or Master's degree with 18 graduate semester hours in discipline plus eligibility for the 48 hour credential change award or terminal Master's degree plus eligibility for the 24 hour credential change award or equivalent.	16+ years of full-time experience in a faculty position as an instructor, counselor or librarian, with at least 10 of which must be at BCC and under continuing contract.

* Technical Faculty who do not have graduate programs available will be evaluated on an individual basis in the placement or promotion to the appropriate level. Professional licensure and appropriate professional registries are among the criteria to be considered.

** In technical areas occupational experience may be counted in lieu of teaching experience.

D. Application Process:

Applications for promotion must be initiated by the Faculty member and must contain a statement explaining, in detail, the accomplishments attained in relation to both Sections A and B. Applications must be submitted to the Immediate supervisor who will make a recommendation to the Academic Dean. The Academic Dean will make a recommendation to the Campus Provost who, in turn, will make a recommendation to the President. The President, consistent with the legal authority vested in that position, will make the final recommendation for promotion to the Board. The Board retains the ultimate responsibility for approving promotion.

2.90 Faculty Role in College Decision Making

The College and the UFF/BCC acknowledge each other's legal prerogatives and that the Faculty and administration shall carry out their duties in a professional, ethical and collegial manner that enhances the purpose of the institution and encourages active Faculty participation at College, Campus and Department levels.

2.91 Collegewide Governance

A. Communication:

Information about College meetings, including agendas and minutes when available, should be widely disseminated in a timely fashion. Such meetings shall include those of the Board of Trustees, College and Campus standing and ad hoc committees, and other duly constituted bodies involved in Faculty and College affairs. Routine Administrative Staff meetings are not covered by this article. The Administration shall undertake to keep Faculty informed of items discussed and decisions taken in areas relevant to the Faculty.

B. Faculty Access to Board of Trustees:

Faculty right to address items on Board agenda

The President of the UFF/BCC Chapter, the representatives of any duly constituted Faculty body, or any Faculty member may request to address the Board on any item of the Board Agenda. The request shall be made to the President of the College within one day of delivery of the Board packet to the UFF/BCC Chapter President.

Availability of Board agenda, minutes, and packets

The agenda for forthcoming Board meetings and minutes of the previous ones shall be disseminated widely at each campus in a timely manner and be of sufficient detail that Faculty members can reasonably determine if they have a substantial interest in any item. At least one Board meeting packet, including agenda, minutes of previous meeting, and related literature, should be made available to Faculty in the Provost's office on each campus and one complete packet delivered to the UFF/BCC Chapter President at least three days before the Board meeting, or as soon as it is available.

5.21 Credential Change Awards

The Board and the Union recognize the value of continuing educational experience. In recognition of this, the credential change award program has been established to encourage Faculty members to continue their education.

Credential change compensation awards and changes in rank will become effective at the beginning of the major semester following the completion of the course work. Major semester is

Faculty members employed for the full contract year (as defined in Article 7.10) shall receive 24 equal paychecks commencing the last day of August. Thereafter, checks shall be distributed on the 15th and the last day of each month, except that checks representing off-duty days shall be distributed on the last duty day of Semester II. The number of checks to be distributed on that day shall be the number necessary to ensure that the total number of checks issued during the academic year equals twenty-four. Faculty members employed on 163-day contracts (as defined in Article 5.53, section B) and Faculty members participating in credit banking (as defined in Article 5.52) shall receive 3 additional checks by the 23rd of December and 3 additional checks at the end of Semester II. Faculty who are teaching class(es) for extra pay (per Articles 5.30 and 2.93.2.B) and/or as overload assignments (per Article 5.42) are to receive, in full, the balance of the monies due them no later than the last day of the semester in which the class(es) is (are) taught. Whenever an error in compensation or a loss of check(s) via mail occurs, the appropriate personnel within the Human Resources Department will strive to remedy such situation expeditiously, upon notification by the affected Faculty member(s).

A longer contract length (e.g., 194 day, 213 day, 225 days) will be implemented for Counselors, Librarians, and teaching Faculty who are assigned to a program requiring more than a 163-day contract. These Faculty members will be paid at the daily rate of pay (per Article 5.10) with all associated fringe benefits (See Article 5.10). When the contract length of a program is renegotiated to a greater number of days, current Faculty on the 163-day , 194 -day or the 213-day contracts have the right to remain on their current contracts. However, upon reduction in the contract length of a program, the college will notify the Faculty member and the UFF/BCC president by August 1st of the academic year prior to its reduction.

[Note: As an addendum to this contract the disciplines/programs/areas that require longer-length contracts than the 163-day, Semester I, and Semester II contracts will be listed, for informational purposes only. This program list may be revised annually as needed by the College.]

ARTICLE 7

7.00 Faculty Work Conditions

7.10 Yearly Work Load

The normal contract length in terms of days shall be 163. Each Faculty member normally shall be assigned to Term I and Term II.

A. Normal Teaching Load:

The teaching load for full-time instructional Faculty shall be based on the following:

1. Credit Hours: In terms of credit hours, the normal teaching load shall be 15 credit hours each in Term I and Term II. The maximum number of credit hours shall be 30 per contract year.
2. Contact Hours: In terms of contact hours, the minimum shall be 15 and the maximum shall not exceed 20 per week during Term I and Term II. The maximum shall be 40 per contract year.
3. A Faculty member's yearly contract shall be satisfied when one of these maximum values has been reached.

Upon agreement between the Faculty member, immediate supervisor and the College and in accordance with the needs of the College, a Faculty member may substitute a Term III work schedule for a Term II work schedule. The option of substituting Term III shall not be considered an obligation upon the College or the Faculty member. If Term III is substituted for Term II, the Faculty member must still meet the 163-day obligation as defined above.

These limits reported shall not preclude Faculty who choose to do so from teaching extra-pay classes in Terms I, II and/or Summer Sessions.

B. Adjusted Credit Hour (in conjunction with Appendix B Worksheet):

In classes (laboratories, clinics, studios, etc.) where contact hours exceed credit hours, adjusted credit hours shall be used to determine the normal load. An adjusted credit hour is determined by totaling the number of credit hours per Term and contact hours per week, based on a full 16-week Term, and dividing by two. Faculty who generate more than 30 adjusted credit hours for regular teaching load shall be paid for any excess credit hours at their appropriate extra-pay lecture rate (per Article 5.31). In addition, Faculty who generate more than 30 contact hours for regular teaching load shall be paid for any excess contact hours at the appropriate extra pay laboratory rate (per Article 5.32 and Appendix B Worksheet). For Faculty teaching loads that exceed both 30 adjusted credit hours and 30

contact hours, the excess adjusted credit hour payment shall be calculated and paid first. The number of excess adjusted credit hours paid shall then be subtracted from the total contact hours, and the new contact hour total will be used to calculate the excess contact hour payment. This excess is to be computed each year at the end of the Faculty member's contract year.

C. Reassignments:

For the purposes of this article, yearly teaching load for Faculty who completed a 3 credit hour reassignment will be calculated as 3-credit hours and 3 contact hours. For Faculty who have received a sabbatical, each sabbatical unit will be calculated as 3 credit hours and 3 contact hours applied toward yearly teaching load.

D. Longer Contracts:

A longer contract (per Article 5.53) will be implemented for Faculty assigned to programs/areas requiring more than a 163-day, Semester I and Semester II contracts. These Faculty members will be paid at their daily rate of pay (per Article 5.10.E.3) with all associated fringe benefits.

[Note: The disciplines/programs/areas that require longer contracts than the 163-day contract are listed, for informational purposes only, as an addendum to this contract. This program list may be revised annually as needed by the College.]

E. Counselors/Librarians:

The annual calendar for Counselors and Librarians will be August 16th – August 15th based on a 194-duty day, 213-duty day, or 225 duty-day contract. These Faculty members shall meet with their respective supervisors during Semester II to determine a schedule of duty days for the August 16 – August 15 calendar. Factors to be considered when determining the Faculty member's schedule shall be based on campus needs, a calendar that sufficiently varies, alternates and appropriately staggers non-duty days, and at all times provides adequate staffing. A Faculty member may request a consecutive three-week non-duty day period annually. Some workdays may include evening and weekend duty to fulfill any additional days beyond their respective contracts, and to provide for the personnel needs within their respective areas. These Faculty members may work, as needed, additional days outside the 194-day, 213-day, or 225-day contract and be compensated at a daily rate of pay.

F. Aviation Maintenance:

All Aviation Maintenance Faculty shall be assigned a 163-day contract. The minimum base salary shall be determined by adding additional 12 percent to the equivalent 163-day Faculty Salary Schedule. The additional salary provides compensation for a normal teaching load consisting of 400 contact hours per Semester. The College shall not make any additional credit/contact hour compensation adjustments for a normal teaching load.

Aviation Maintenance Faculty, who voluntarily agree to teach an additional 200 contact hours scheduled and available for Semester III-Session II or III, as determined and assigned by the College each year, shall be compensated at one quarter the amount of their current 163-day salary. Aviation Maintenance Faculty, who voluntarily agree to teach an additional 400 contact hours scheduled and available for Semester III-Session I, as determined and assigned by the College each year, shall be compensated at one-half the amount of their current 163-day salary. Such Aviation Maintenance Faculty will be considered employed full time and shall continue to receive earned benefits and leaves throughout the Semester.

Aviation Maintenance Faculty normal workweek is 35 hours per week and shall include a minimum of 30 hours of posted classroom instruction and office hours on campus.

G. Credit Load Review:

In order to review the issues involved with the credit load system, the adjusted credit hour definition, and the use of contact hours in determining full-time load, the parties agree to continue research into potential revisions to the credit load system.

H. Unexpected Campus Closures

On occasion there may be an official College/Campus closure during regularly scheduled duty days due to unforeseen circumstances. If instructional faculty members are required to make up the missed instructional class time due to licensure or certification requirements of their respective programs, then such faculty will be paid for additional teaching hours at 50% of their hourly rate of pay.

I. Flexible Schedules

With the consent of the College, Faculty members may opt to teach their annual teaching loads of 30 adjusted credit hours by teaching 18 adjusted credit hours in Semester I and 12 adjusted credit hours in Semester II.

7.20 Professional Obligations

The Administration and the UFF/BCC acknowledge the professional integrity of the Faculty. During the typical work week, each Faculty member is expected to engage in activities for the College, including, but not limited to: teaching, student consultation, preparation, committee work (e.g., College Standing Committees, College Academic Area Meetings, Campus Department Meetings, Faculty Senate, UFF/BCC activities related to the implementation of the Collective Bargaining Agreement or in service to the College, and community service).

At the beginning of each semester instructional Faculty members shall file with their supervisor a typical weekly schedule. It is the responsibility of the supervisor to provide the Faculty

member with the appropriate form for filing this schedule by the end of the first week of classes of each semester.

A. Instructional Faculty:

The typical weekly schedule for each instructional Faculty member shall reflect a 35-hour workweek with at least 30 hours per week on campus. On days when the Faculty member has an on-campus teaching assignment, then the weekly schedule shall reflect no fewer than 4 hours per day on campus. On days when the Faculty member does not have an on campus teaching assignment, then the weekly schedule shall reflect no fewer than two hours per day on campus. The 30 hours per week on campus shall reflect the following:

1. Instructional contact hours as defined in Article 7.10. When a Faculty member is absent from teaching a scheduled class such absence must be reported on the leave form.
2. Full-time instructional Faculty's schedules shall reflect a minimum 25 hours of combined classroom contact and posted office hours available to students each week. The hours available for student consultation should, when practicable, be complementary to the teaching schedule, and shall be contained in the syllabus distributed to each student at the beginning of each semester or the syllabus will contain a statement that the hours available for student consultation are posted on the outside of the Faculty member's office door.
3. The remainder of the on-campus hours shall be used for other professional responsibilities of the Faculty member.
4. On-Campus Hours for Distance Education Faculty
Faculty who have entered into a formal agreement with BCC to develop or adopt and teach fully online courses as stipulated in Article 7.70 of the BCC/UFF Agreement and have agreed to comply with the guidelines and standards established by the College to ensure compliance with accreditation requirements for continuous instructional improvement may apply the instructional credit for teaching fully online courses to reduce the 30 hour on Campus work week requirement. Additionally, the remaining on-campus contact hour requirement may be reduced by two hours per week per fully on-line course and one hour per week per blended course which is 50% or more on-line. As long as the schedule reflects a minimum of 4 days on Campus the minimum number of hours per day on Campus shall still apply on days when the Faculty member has an on-campus teaching assignment. The instructional credit hours for teaching fully online courses shall be identified on the posted Faculty work week schedule and will be considered as part of the state-mandated required 25 student contact hours per week.

If in the implementation of this option, a Faculty member's weekly schedule results in no teaching or office hours on a fifth day, the Faculty member is not excused from his or her professional obligations or responsibilities.

During final examination week, the typical workweek schedule shall not apply. Instructional Faculty members are required to meet all professional responsibilities with no fewer than 2 hours per day on campus. Instructional Faculty members must meet with his/her class during the scheduled final exam period for the purpose of administering a final exam or to engage in other educational activity.

B. Grade Appeal Process:

The following procedure shall be in effect in cases when a Faculty member will be off-duty for an upcoming semester and will be incapable during the entire first month of that semester of being present in the event of a student grade appeal pertaining to the most recent semester for which the Faculty member was on-duty. Prior to his/her departure, the Faculty member shall provide the appropriate Departmental Head with a copy of the course grade book records. The purpose of this procedure is to provide supporting documentation in the event of a course grade appeal by a student, that the Faculty member followed the College grading policy as specified in:

- The Catalog
- *Broward Community College Policy Manual*
- *Broward Community College Faculty Staff Handbook*
- Faculty member's syllabus

These records must provide sufficient data and values for all the elements considered in determining the student's final grade. These records are to be used only when it is determined that the Faculty member is unable to be present during the Grade Appeal Process. All copies of these records will be returned to the Faculty member at the end of a formal Grade Appeal Process or when the Faculty member returns to campus. The Faculty members reserve the right to appoint a Faculty member to represent them in any Grade Appeal during their absence.

C. Counselors/Librarians:

The typical weekly schedule for each Faculty Counselor and Faculty Librarian shall reflect a 5-day, 37.5-hour workweek. Since professional activities are part of a Faculty member's professional responsibility, on the average over a term, three hours of the Counselor's or Librarian's on-campus weekly schedule may be used for professional activities subject to the approval of the immediate supervisor.

D. Departmental Meetings:

A spirit of cooperation should prevail between immediate supervisors and Faculty members in determining Faculty schedules. At all times, the needs of the student population shall be the paramount consideration in determining schedules. Prior to determining the schedule for the ensuing semester, each immediate supervisor shall request each Faculty member's

preference for a schedule and should strive to honor each full-time Faculty member's preference with regard to his/her required load for that semester. The resulting tentative schedule should be discussed and reviewed individually with the Faculty member and attempts should be made to resolve schedule conflicts. It is clearly understood that the determination of the final schedule is within the authority and responsibility of the Immediate supervisor and is not subject to the grievance procedure contained within this contract. In assigning Faculty schedules, the following guidelines shall be followed:

1. A Faculty member who has been granted reassigned time may submit a schedule showing fewer than thirty hours on campus, if it is understood that the nature of the assignment may call for some of the work to be done at another location.
2. Faculty members may teach a weekend college course as part of their required teaching load as long as their assigned work week does not exceed five days. Faculty members cannot be required to teach weekend courses as part of their regular teaching assignment unless all alternative course assignments have been exhausted, including courses previously assigned to adjunct Faculty or as extra-pay teaching assignments to other full-time Faculty.
3. A Faculty members submitted schedule may show fewer than four hours per day for the same number of days for which he/she is scheduled for seven or more contractual obligation hours, with the adjustment to equal one hour for each of the days where seven or more hours are shown
4. Faculty members whose schedules end after 9 p.m. should not be required to report before 9 a.m. the following day, unless they request such an assignment.
5. If a Faculty member is required to work at more than one location on the same day, on each day that this occurs, one hour of travel time shall be allocated out of the total required on-campus hours.
6. Recognizing the responsibility of the immediate supervisor to construct class schedules based upon the academic needs of the college, the students, and the department, full-time Faculty members, in order to make their initial required teaching load, shall have priority for class schedules over adjunct faculty and over extra-pay assignments.

7.30 Working Conditions and Environment

- A. Faculty members shall have access to their offices and appropriate College facilities during hours beyond the ordinary workday and workweek.
- B. Faculty are entitled to a safe respectful and non-retaliatory working environment and every effort shall be made to ensure that all conditions conform to statutes relative to safe working conditions.

-
- C. As a means of supporting and centralizing this effort, the Faculty members of the College's Health and Safety Committee shall be appointed by the UFF/BCC President.

7.40 Professional Development

The Administration and the UFF/BCC acknowledge that professional growth is important, should be encouraged, and should be an integral component of a Faculty member's successful evaluation.

To fulfill this, a Faculty member shall submit and complete a professional development plan according to the following guidelines:

Within each seven year period, starting from the initial date of employment in a tenure track position, Faculty members shall complete 90 clock hours comprised of 6 semester hours graduate and/or undergraduate study in their discipline, and/or relevant instructional skill fields, or equivalent educational experiences, or a combination of the preceding. Coursework and/or equivalent educational experience should update or improve Faculty members' ability to function effectively in their discipline area.

Equivalent educational experience may include, but is not limited to:

- (1) Authoring publications such as journal articles or books
- (2) Editing journal articles, books, or professional works
- (3) Attending or participating in a professional workshop
- (4) Presenting a paper at a professional conference
- (5) Obtaining continuing education credits
- (6) Maintaining licenses or certification in specialized areas
- (7) Exhibiting in a professional gallery or its equivalent, featuring a significant number of recent creative works.
- (8) Directing or participating in a performance or recital
- (9) Obtaining work/field experience in areas where graduate courses are not available
- (10) Designing or constructing education equipment that advances the state of the art.
- (11) International or national teaching assignments or experience.

Graduate coursework in the discipline area and all Continuing Education Units (CEU's) approved by the appropriate licensing or certifying agency shall be accepted without prior approval. (The Faculty member will submit attendance documentation). The other mechanisms for fulfilling the professional growth plan should be developed and tentatively approved by the Faculty member's immediate supervisor, Dean of Academic Affairs, and Vice President for Academic Affairs.

To expedite the processing and obtain pre-approval of their professional development plan, Faculty members should complete the Application for Faculty Professional Development form (see Appendix D of this contract).

If Faculty members are denied approval of their professional development activity, the denial may be appealed to a Faculty Professional Development Review Committee. This Review Committee will consist of three tenured Faculty members and, if possible, it shall reflect the appellant's academic area. The Union President shall appoint one member, the Vice President for Academic Affairs shall appoint the second member, and the first two members shall complete the Committee by choosing a third Faculty member. The recommendation of this Committee shall be submitted to the President for final resolution.

Any Faculty members accepted into the FRS DROP Program shall be exempt from the terms and conditions of this article.

Since professional development is part of a Faculty member's professional responsibility, a maximum of three hours of the Faculty member's on-campus weekly schedule may be used for the purpose of carrying out the Professional Development Plan subject to the approval of the Immediate supervisor.

7.50 Annual Faculty Evaluation

Non-tenured Faculty shall be evaluated at least once annually and they shall be advised of the academic semester during which such annual evaluation will be made.

The purposes of evaluation are to:

- (1) promote the highest quality instruction (teaching/learning).
- (2) encourage the highest quality performance by Faculty.
- (3) encourage professional growth and development of Faculty.
- (4) Review the effectiveness of instruction and service to student and to use the results to improve instruction and service to students.
- (5) evaluate Faculty job performance.

The Faculty Evaluation shall be based upon data obtained from the Faculty member's self-evaluation, student evaluations, classroom visitation which is required annually of non-tenured Faculty, and shall be made of tenured Faculty once every three years by the Immediate supervisor, and general knowledge of the instructor.

The procedures, forms, and timelines to be used for the Faculty Evaluation are contained in the BCC Faculty Handbook.

Classroom visitations by the Immediate supervisor may be made as part of the evaluation process or may be made at other times of the academic year when determined necessary by the Immediate supervisor. Such observation or visitation shall occur when the Faculty member is performing regular teaching duties. The Immediate supervisor initiates the classroom observation by scheduling a mutually agreeable date and time and explaining the purpose for the visit. If such an agreement cannot be reached, the Immediate supervisor shall set the time and date of the classroom observation with at least one week's notice.

When the visitation is requested by the Faculty member, the Faculty member and Immediate supervisor shall determine a mutually agreed upon date. In either case, results of the observation shall be shared with the Faculty member.

The evaluation shall be in writing and the Faculty member shall be provided the opportunity to discuss the evaluation with the evaluator prior to its being forwarded through administrative channels to the confidential portion of the Faculty member's personnel file.

The evaluation shall be signed by the person performing the evaluation and by the person being evaluated, who may attach a concise comment to the evaluation. A copy of the evaluation shall be given to the Faculty member.

The person responsible for supervising and evaluating a Faculty member shall assist the Faculty member in correcting any performance deficiencies reflected in the Faculty member's evaluation by prescribing a developmental plan.

A Faculty member who receives an unsatisfactory evaluation may seek review of that evaluation pursuant to College Policy 6Hx2-4.15. The decision of the reviewing authority shall not be subject to challenge under the grievance procedure of this Collective Bargaining Agreement.

Nothing herein shall be construed to prevent an employee from challenging an evaluation in a disciplinary proceeding if such evaluation is used to support disciplinary action.

7.60 Faculty Attendance at Graduation

The UFF/BCC and the Board agree that one-half of the teaching Faculty will attend graduation ceremonies at the conclusion of Semester I and one-half of the teaching Faculty will attend graduation at the conclusion of Semester II. Immediate supervisors or other appropriate supervisory personnel, in consultation with the Faculty member, will determine which graduation ceremony will be assigned to each Faculty member and considered as a duty day. The non-required graduation day will not be considered a duty day. A Faculty member who has an assigned class on graduation day shall meet the class in lieu of attending the graduation ceremony.

Librarians and Counselors who are required by the appropriate administrative authority to fulfill their assigned duty hours at their assigned location will be exempt from the required graduation attendance. Librarians and Counselors who are exempt are encouraged to attend the ceremonies.

7.70 Flexible Learning

As part of their joint mission to provide all segments of the community with quality instructional programs, the UFF/BCC and the College affirm their commitment to exploring jointly the exciting, rapidly changing field of Flexible Learning (Distance Education (DE), E-learning i.e., remote instructional delivery systems, telecommunicated learning services, on-line computerized instruction). In addition, the College and the UFF/BCC agree to work jointly to protect the integrity of BCC programs and course offerings. The college undertakes to avoid overburdening Faculty teaching Flexible Learning Courses by carefully controlling class size, number of sites, on-line student consultation contact hours, and the technological complexity of the delivery system.

In all cases the specific compensation method and amount will be approved by the Faculty member and his/her appropriate Administrators prior to the completion of the Flexible Learning Agreement.

4. Faculty who have developed a Flexible Learning course shall have first right of refusal to teach it during the useful life of the course when it is offered on their site and they have demonstrated success in teaching the Flexible Learning course.

5. Faculty members preparing to deliver/teach a Flexible Learning course will enter into a Flexible Learning Course Delivery Agreement. (Appendix E-2)
6. Faculty members choosing to develop a course for no compensation shall enter into the Flexible Learning Non-commissioned Course Development Agreement for Fully On-line and Blended E-Learning Courses and Course Materials. (Appendix E-3)

10. Prior to the development of a Flexible Learning course, the campus/collegewide administration and the participating Faculty member(s) must have agreed on the extent and type of technical support will be provided.
11. Evaluations of Faculty involved in Flexible Learning shall follow existing procedures (per Article 7.50).

Representatives of the College and the UFF negotiation teams will meet monthly during the regular school year at a time convenient to both parties for the purpose of reviewing the administration of this Agreement and to resolve problems that may arise there from. These meetings are not intended for the purpose of negotiation or to bypass the grievance procedure. Further, each party will submit to the other at least 24 hours prior to the meeting, an agenda covering what it wishes to discuss. Such a meeting may be canceled by mutual consent. **Flexible Learning Commissioned Course Development Agreement
For Fully On-line and Blended E-learning Courses, and Course Materials**

Faculty member(s): _____

Course to be developed: _____

Course materials to be developed: _____

A fully on-line course is defined as a formal educational process in which at least 75% of the instruction, including assignments, tests and quizzes, and interaction between students and instructors and among students, and associated learning activities, occur inside a course/learning management system. A blended e-learning course is defined as a formal educational process in which a portion of the instruction, including assignments, tests and quizzes, and interaction between students and instructors and among students, and associated learning activities, occur inside a course/learning management system. Course materials include content objects, images, audio and video files, assignment materials, assessment instruments, and other learning strategies and information designed to be used in a flexible learning instructional context.

Comparability of fully on-line and blended e-learning courses to campus-based courses is ensured through the instructional design of the course, and the evaluation of its educational effectiveness, including assessments of student learning outcomes and student retention. Students will also be surveyed with regard to their satisfaction with the technology used and technical support provided.

1. The administration and I will assess my professional development needs. To prepare me for course development, the college shall provide and I agree to successfully complete a series of structured professional development activities with the following learning outcomes: 1) identifying learning outcomes that can be achieved in an e-learning context and designing learning activities and strategies that support these outcomes; 2) developing a course syllabus that maps learning outcomes to course activities and to assessment; 3) using e-learning communications tools and strategies to support learning and interaction; 4) using e-learning assessment strategies and tools to measure attainment of learning outcomes; 5) using the course/learning management system's administrative tools to track student progress and activity; 6) redesigning course learning strategies, activities and goals using sound instructional design principles.

Faculty may be exempt from professional development requirements by demonstrating the equivalent competencies expected upon completion of the workshops.

2. I agree to develop the course so that it meets the existing student learning outcomes as stated in the course outline.

3. I agree to develop the course and/or course materials using the course/learning management system, hardware and software provided by BCC.

4. BCC will provide instructional design, technological and creative support to assist me in the development of the course and course materials.

5. For developing the specified DE course, I shall receive either extra compensation or reassign time, contingent on approval by my campus administration. Payment will take into account the rank of the faculty member, the number of faculty participating in its development, the number of credit hours associated with the course, and the alternative delivery format of the course (blended vs. fully on-line). Payment for development of a fully on-line course is as follows: a zone 2 stipend for a 1-credit course, zone 4 stipend for a 2-credit course and zone 6 stipend for a 3-credit course. Payment for development of a blended e-learning course is as follows: a zone 1 stipend for a 1-credit course, zone 2 supplement for a 2-credit course, and a zone 3 supplement for a 3-credit course.

Reassign time will be provided in a manner consistent with extra compensation (zone 6 = a six credit release, zone 3 = a three credit release, etc.)

6. I understand that I will participate in a formative review process for my course which will include a midpoint and final review by me and the Director of Flexible Learning, as well as formative reviews by two faculty members and two students of my choosing. I understand that my course must satisfy the midpoint review criteria before it can be scheduled, and that the course cannot be offered until it satisfies the final review criteria and all faculty/student formative reviews have been completed and necessary modifications have been made as directed.

7. Whenever I teach/deliver this Flexible Learning Course, I understand that I will participate in an evaluation of my course at the end of each semester. I will solicit summative feedback from students via an anonymous survey inside my course at the end of each semester. Course to be delivered: _____

This agreement is used for faculty preparing to deliver a flexible learning course. The course will be delivered using a course/learning management system. Should a faculty member wish to substantively modify this course, a new Course Development Agreement will be initiated.

A fully on-line course is defined as a formal educational process in which at least 75% of the instruction, including assignments, tests and quizzes, and interaction between students and instructors and among students, and associated learning activities, occur inside a course/learning management system. A blended e-learning course is defined as a formal educational process in which a portion of the instruction, including assignments, tests and quizzes, and interaction between students and instructors and among students, and associated learning activities, occur inside a course/learning management system. Course materials are defined as content objects, images, audio and video files, assignment materials, assessment instruments, other learning strategies and information designed to be used in a flexible learning instructional context.

Comparability of fully on-line and blended e-learning courses to campus-based courses is ensured through the instructional design of the course, and the evaluation of its educational effectiveness, including assessments of student learning outcomes and student retention. Students are also surveyed regarding their satisfaction with the technology used and technical support provided.

1. The administration and I will assess my professional development needs to support the successful delivery of my Flexible Learning course. To prepare me for course delivery, the college shall provide and I agree to successfully complete a series of structured professional development activities with the following learning outcomes: 1) developing a course syllabus that maps learning outcomes to course activities and to assessment; 2) using e-learning communications tools and strategies to support learning and interaction; 3) using e-learning assessment strategies and tools to measure attainment of learning outcomes; 4) using the course/learning management system's administrative tools to track student progress and activity. Faculty may be exempt from professional development requirements by demonstrating the equivalent competencies expected upon completion of the workshops.

2. I agree to deliver the course so that it meets the existing student learning outcomes as stated in the course outline.

3. I agree to deliver the course and/or course materials using the course/learning management system, hardware and software provided by BCC.
